

## Glass Factories Index

### Organization

Our alphabetical order follows the way the glass houses stated their names. A.D. Baker is under A not B. We also treat each letter in the name in strict alphabetical order. A.D. Baker *follows* Adams. A.G. Smalley comes *after* Agnew. Ampersands, periods, and apostrophes are ignored. A.&D.H. Chambers follows A.D. Baker. Abbreviations such as St. in St. Gobain are listed under St rather than Saint; therefore, St. Gobain follows Sterling Glass Co.
