Accommodation in Leicester

There are many hotels in Leicester within walking distance of the University; all of the academic sessions and many of the receptions will be held on the University of Leicester campus.

Block bookings with negotiated rates have been made at the following four hotels. Additional hotel room taxes are not charged in the UK, so the price you see will be the price you pay (apart from any extras you might add on to your bill). The negotiated rates will only apply to bookings made via email, quoting the relevant booking code.

Do check the hotel websites for any other special offers before you book; the larger chain hotels in particular often have deals for non-flexible room bookings, or weekend packages, for example.

The Mercure Leicester City Hotel

The Mercure Leicester City Hotel in Granby Street in the city centre is only a 5-minute walk from the railway station, and will also be the venue for the Conference Dinner and Awards, the round-table lunches, and will host many of the SHA committee meetings. The Mercure opened in 1898 as the Grand Hotel, and is a grade II listed building.

Rates: £80 double per night; £70 single per night including breakfast.

There are many other hotels and budget 'Bed & Breakfast' options in Leicester, and the Go! Leicestershire website gives a great introduction to the city and the surrounding countryside. Addresses with postcodes beginning 'LE1' are in the city centre, whereas those beginning 'LE2' are located within a large area covering the southern side of the city, to the south of the university, and includes the neighbourhoods of Clarendon Park, Stoneygate, and Oadby.

Some limited floor space will be available for students; further information about this will be available later in the year.
